

**IN THE DRAWINGS:**

Submitted herewith is a new sheet of drawings containing proposed new Figs. 26 and 27 showing the grooves (e.g., 1500 in Fig. 26) and substances having different optical properties (e.g., 1600 in Fig. 27) as recited in claims 54, 58, 62, 65 and 55, 56, 59, 60, 63, 64, respectively, in order to comply with 37 C.F.R. §1.83(a).

### REMARKS

In the Office Action mailed September 8, 2006, the Examiner objected to the drawings under 37 C.F.R. §1.83(a) as not showing the projections (claims 53, 57, 61, 65), grooves (claims 54, 58, 62, 65) and substances having different optical properties (claims 55, 56, 59, 60, 63, 64) recited in the claims.

By this supplemental response, a new sheet of drawing containing proposed new Figs. 26 and 27 showing the grooves (e.g., 1500 in Fig. 26) and substances having different optical properties (e.g., 1600 in Fig. 27) as recited in claims 54, 58, 62, 65 and 55, 56, 59, 60, 63, 64, respectively, is being submitted herewith in order to comply with 37 C.F.R. §1.83(a). Pages 42 and 49 of the specification have been suitably revised to conform the description to the drawing revisions.

With respect to claims 53, 57, 61 and 65, applicants respectfully submit that the projection is shown in Fig. 2, for example, as denoted by reference numeral 7.

In view of the foregoing, applicants respectfully submit that the objection to the drawings under 37 C.F.R. §1.83(a) has been overcome and should be withdrawn.

In view of the foregoing amendments and discussion,  
and in view of the amendments and arguments presented in the  
response filed December 7, 2006, the application is believed  
to be in allowable form. Accordingly, favorable  
reconsideration and allowance of the claims are most  
respectfully requested.

Respectfully submitted,
